

Blue Moon is a sister cottage to Moon Shadow, both situated in the old artist quarter of St Ives. A cool Cornish retreat for two. Inspired by the colours of the beaches and sea, blues and violets, moody and uplifting. Utterly romantic with a stylish interior converted from a modest fisherman's cottage. All the luxury touches you would expect on holiday and a few steps from the world famous Porthmeor beach.

Approached over a small footbridge Blue Moon oozes a chic bohemian style. Downstairs there is a spacious and comfortable deep seated sofa opposite a large smart tv. It is open plan with a pretty kitchen behind which is well equipped to cook a meal for two with a compact larder fridge, electric hob/oven and a Nespresso machine.

## BLUE MOON

01

The shower room and loo with heated towel rail sits opposite the bottom of the stairs. Upstairs the main bedroom has a custom built super king bed and a built-in wardrobe and another smart tv. The room is wonderfully atmospheric with its sea mural, sand and violet blue colours, mirrors and exposed rafter high ceiling. Next door it boasts a dressing room with a built-in desk/dressing table.

02

The on site parking space has a size restriction. Width 1.9 metres x Height 1.7 metres. This is due to having to drive through the opening underneath the footbridge to get to the courtyard where the parking area is located. The slipway down is also steep so we do not recommend it for low riding cars. The parking space itself is standard sized.
