

Steeped in design and creativity, escape the ordinary and enjoy our Boho-chic Libby's Cottage. Thoughtfully reimaged by the new owners, whose love of bold print and colour is represented throughout. For those St Ives stalwarts some of you may recognise this delightful cottage as previously Bosun's Whistle.

The compact and bijou ground floor welcomes you to a living room, custom crafted kitchen cabinetry, a window seat, one-off pieces of furniture, prints and artwork filling Libby Cottage's with a profusion of colour and personality, all of which culminate in a home that's not only unique, but also extremely inviting.
