

St Ives Dream is a superb ground floor apartment situated within the brand new Chy Kensa development. Once recognised primarily as the prestigious home of a continuing local business and more recently the Longships Hotel, this building has been completely renovated into seven luxury apartments.

The apartment provides a spacious open-plan living area, completed with two large sofas, perfect for days spent relaxing in front of the 55" TV or playing your favourite games on the Playstation 4. If you would prefer to gaze out to sea, why not take advantage of one of the window seats, giving you a distant view of Godrevy lighthouse.

ST IVES DREAM

01

This beautiful two-bedroom apartment has a private parking space just a few steps from your front door, fitting a sizeable car!

There is a modern, well equipped kitchen with a dining area for four. The accommodation flows through to the master bedroom which has a super-king bed and an en-suite shower room.

02

The second bedroom has a king size bed which can be split into two 2'6" single beds. A generous family bathroom, with shower and bath facilities completes the apartment which is perfect for couples and families alike.
